SUMMARY

I'm a Full Stack Web Developer and B.Tech Computer Science student with practical experience building interactive and user-centered applications. Skilled in problem solving and collaborating with teams to develop user-friendly applications and eager to keep learning new technologies.

TECHNICAL SKILLS

Programming Languages	Java, C++, C
Backend Technologies	NodeJs,Springboot,NextJs,ExpressJs
Frontend Technologies	AngularJs, HTML, CSS, Bootstrap,React
Databases	PostgreSQL, MongoDB, MySQL,DynamoDB
Cloud Technologies	AWS
Developer Tools	VsCode, Github

PROJECTS

Placement and training management system

SEP 2024 - DEC 2024

This is a real-time web application designed to streamline placement and training processes by connecting students with trainers, coordinators, and recruiters.

- Developed modules training session registration, campus drive management, role-specific access, and personalized dashboards to enhance communication and process efficiency.
- Tech Stack: AngularJs, NodeJs, MongoDB, Bootstrap

compressor & Decompressor

AUG 2024 - SEP 2024

Built a Spring Boot-based web app for file compression and decompression using Java ZIP utilities and REST APIs. Implemented secure file handling, validation, and user-friendly upload/download functionality.

- Tech Stack: HTML, CSS,SPRING BOOT,MYSQL

Event management system

FEB 2023 - APR 2023

It is a comprehensive web application designed to streamline the organization and management of campus events across multiple locations, providing a responsive interface for students, faculty, and coordinators that reduces the event management time by 50%.

- Implemented features like event categorization, campus filtering, detailed event info, an upcoming events section, and a feedback system for improved planning and assessment
- Tech stack: PHP, HTML, CSS, Js, Bootstrap, MySQL

EDUCATION

Centurion University of Technology and Management, Vizianagaram — **AUG 2022 - MAY 2026**

B.Tech. in Computer Science and Engineering — CGPA: 8.95 (till 6th Sem)

CERTIFICATIONS

- Advanced testing practices using AWS and devops
- Deploying serverless certificate in AWS

ACHIEVEMENTS

- Active Member of ICP Hub India, contributing to collaborative technical projects and knowledge-sharing sessions.
- Built a project for Campus to Crypto, demonstrating skills in web development and blockchain integrations.
